

## Ms. Cecilie MERKLIN, Novo Nordisk

Cecilie comes with the background as educated Pharmacist, MSc. Pharm. Throughout the Pharmacist education and continuously during her career, she specialized herself within Clinical trials always with a passion for optimizing the experience for the patients. Cecilie is driven by leading innovative projects where patients are at the center when developing new treatment offerings. This has been the primary motivator throughout her career where experience from the CRO side of industry, Recruitment & Retention in trials, and latest the Patient Voice team in Novo Nordisk are adding to her ability to execute and deliver on complex projects meanwhile keeping a strategic overview. Cecilie has lived and worked in Switzerland and Danmark.

Cecilie feels most inspired from the top of a mountain, prefers Christmas on an exotic beach, recharges through cardio and strength training, and lives for her husband, two children and social life.
