

**Prof. Ulf LANDMESSER, Germany**

Professor Ulf Landmesser acts since January 2023 as Director of the Department of Cardiology, Angiology and Intensive Care Medicine, Campus Benjamin Franklin at the Deutsche Herzzentrum der Charité (DHZC) and since June 2022 also as the Director of the newly established Friede Springer – Cardiovascular Prevention Center@Char-ité.

After his medical studies at the Medical School of Hannover (Germany), the University of Connecticut in Farmington (USA) and the National Heart&Lung Institute in London (UK), he specialized in Internal Medicine and Cardiology at the Medical School of Han-nover. In 2000/2001 he performed a post-doctoral fellowship focusing on vascular bi-ology at the Department of Cardiology at the Emory University School of Medicine, Atlanta (USA) as a scholar of the Alexander von Humboldt Foundation and received the Outstanding Fellows in Cardiology Special Recognition Award.

In 2007, he was called as Senior Consultant Cardiologist with a focus on acute and interventional cardiology and as director of translational cardiovascular research to the Department of Cardiology at the University Hospital of Zurich (Switzerland), where he later acted as Vice-Chairman of the Department of Cardiology. From 2014 until the merger with Deutsches Herzzentrum Berlin on 01.01.2023 he acted as Chairman of the Department of Cardiology at the Charité – Universitätsmedizin Berlin as well as from 2016 on as Medical Director of the Charité Center for Cardiovascular Medicine.

He serves as a Member of the Editorial Board of the International Journal of Cardiology and since 2008 Professor Landmesser serves as Deputy Editor of the European Heart Journal, the leading cardiovascular journal in Europe. He has a particular research interest in translational and clinical development of novel therapeutic and management strategies for prevention and treatment of atherosclerotic cardiovascular disease.

He has more than 800 publications and an h-index of 110. He has contributed to sev-eral ESC/ EAS guidelines and EAS consensus papers.
