

Dr. Jennifer FRANKE, Philips

In her role as the Business Leader Image Guided Therapy Germany/Austria/Switzerland, Jennifer currently leads the sales and clinical specialist's teams for Philips DACH minimal-invasive systems and device business.

Next to clinical experience as a cardiologist she performed research in interventional cardiology and heart failure for over 20 years. She then developed her career in medical device business development at Fresenius Medical care and in clinical development/medical affairs in pharmaceuticals at Boehringer Ingelheim.

Jennifer received a Master in Health Economics at the London School of Economics and a Master of Business Administration at Frankfurt School of Finance. She became a Fellow of the American College of Cardiology, the European Society of Cardiology (ESC) and the Heart Failure Association of the (ESC) in 2018. Since then, she has been a core member of cardiovascular disease specific study groups.

She believes in lifelong learning and values the connection of a wide range of experiences within the healthcare sector. Jennifer lives with her husband, son and daughter near Heidelberg, Germany.

In her previous role as the global responsible Medical Officer Cardiology, Jennifer oversaw cardiovascular-focused medical strategy and innovation and is now embedding strong clinical acumen deeper in the Philips Image Guided Therapy business unit.
